Parent Tip of the Month:

Positive Parenting Tip from parents.com:

Structure and routine is an easy way to enforce rules. This will help them become independent and gain confidence.

For starters, set a morning routine, mealtime routine or bedtime routine. Create a visual chart to help them remember. Then stick to it! Kids will learn by repetition and going through the motions on their own.

Reminders:

Each class will be making valentine bags and exchanging valentines for their in-class party. Please send valentines with your child so that he or she may pass out valentines to his /her classmates. We would like to request that you send enough valentines with your child so he or she may give one to each child in **his or her class**. Please check with your child's teacher to see how many children are in the class. ***If you leave the space blank for whom the valentine is to be given, your child will be able to easily drop a valentine in each bag.*** Your child's class will be exchanging Valentines on Tuesday, February 13th.
